TOGETHER WE DISCOVER YOUR STYLE

The best compliment we hear more often is 'you listen to what we want'. Go around the table with our own designers, they work in line with the latest trends and let us design your dream project. Ready for the next step? Then our project team is happy to join the project. They can realize everything from A to Z.

WE TURN IDEA'S INTO DESIGN

We realize design wishes. Get together with our own designers and create your dream project!

1. AROUND THE TABLE WITH ONE OF OUR DESIGNERS

To get to know each other, we schedule an intake interview. During this meeting we map out the wishes regarding colour, material, space and furnishing.

2. DESIGN DESIGN DESIGN

The designer gets to work with the wishes passed on. The designer creates a mood board, floor plan with spatial layout and the material and colour plan.

3. OFFER & PREPARATION PHASE

After approval of the design and quotation, we start the realisation together. In order to be able to actually carry out everything, the drawings are worked out in technical detail and ordered by our project department.

4. THE REALISATION

That's it, the realization! The products are delivered and assembled on site. Hasn't it been completely styled the way you wanted it to be? Then we offer the possibility for styling on location by our stylists.

Recently realised projects

Enjoying the food in a restaurant but enjoying the beautiful interior just as much. We take care of these realized projects. See below a selection of restaurants and catering establishments which ones were ahead of you.

1. RESTAURANT MEERWOLD FOOD & DRINKS

A brand new interior, stunning views of the Hoornsemeer, delicious food and conviviality. Those are the ingredients of Meerwold Food & Drinks, based in the Netherlands. With a lot of enthusiasm, our designer has been able to transform the spaces into an attractive design. A place where you can watch, taste, smell and enjoy in the restaurant or bar.

2. RESTAURANT EEMPLUST

Restaurant & Rederij Eemlust in the Netherlands is a unique place on the river Eem where everyone can enjoy surprising dishes and a hospitable service. A real family business that attaches great importance to the feeling of home. And that can be seen in the interior, a cozy and atmospheric space.

3. HOTEL & CONFERENCE CENTER WOUDSCHOTEN

At Woudschoten Hotel & Conference Centre in Zeist, the Netherlands they know how to convincingly put forward the theme of green & sustainable. The new pure & honest restaurant concept fits in perfectly with this. The furniture is perfectly placed in the green surroundings where guests can have breakfast, lunch or dinner. The pure & fair restaurant concept also includes a new kitchen concept. Our partner van Gestel realised a completely new kitchen with front cooking. Herewith they can easily respond to the guest's wishes.

4. BY AMI URBAN BISTRO

By Ami Urban Bistro is the newest hotspot with international allure, located at one of the most beautiful locations on the Kop van Zuid in Rotterdam, the Netherlands. The furniture delivered by us in combination with the rest of the room looks like a magical fairy tale.

4.

5. STREET JUMP BREDA

For all your acrobatic stunts you can go to Street Jump in Breda, the Netherlands! This project started in 2018 when two entrepreneurs came to us for an intake interview. This resulted in a creative design, which was almost completely taken over. The existing canteen was stripped and only the bar remained. After a lot of adjustments you can say that it is a cool and cozy place to wait for the jumping acrobats.

The cosiest terraces that are worth a visit

As soon as the weather is nice, we prefer to spend as much time outside as possible. The sunshine makes sure we can relax on a lovely terrace. Take a look at some of the terraces below which ones were ahead of you.

1. DE OALE MARCKT IN WIERDEN

Restaurant De Oale Marckt in Wierden, The Netherlands offers guests the ultimate experience when it comes to food and atmosphere. It almost looks like an oasis of tranquillity through the green surroundings where De Oale Marckt is located. In the heart of Wierden.

2. DELFINS BEACH RESORT OP BONAIRE

The friendly shades of colour and tropical botanical elements add a subtropical touch to the terrace. The restaurant Brass Boer, Bonaire has an outdoor kitchen where chefs cook on natural stone and a terrace directly by the sea with beach bar and food truck.

2.

3. HOTEL & RESTAURANT HET MONTFERLAND IN ZEDDAM

The historic building of Het Montferland is located in a very unique location in Zeddum, The Netherlands. Because of the natural colours and a wink to the surroundings it has become a playful and modern design. But not only the interior has become a picture, also on the terrace it is easy to keep up. Tasty food, delicious coffee and an amazing place full of nature: you have all the ingredients at your fingertips to enjoy a beautiful environment with striking designer furniture.

3.

4. THE LEMON TREE IN DEVENTER

In addition to decorating the restaurant, it was time that we also decorated the terrace. Enjoy fine dining at The Lemon Tree under the lemon tree which can be found not only inside but also outside. Where can you find The Lemon Tree? On the Cosiest square in Deventer, The Netherlands of course!

4.

5. GRAND CAFÉ DE BIESTER IN HOLTEN
